AND  
THE NEVADA GOVERNOR'S OFFICE OF  
ECONOMIC DEVELOPMENT

**REQUEST FOR INFORMATION (RFI) 2015-RFI-10**

SOLICITATION FOR INFORMATION FROM WATER  
TECHNOLOGY COMPANIES ON ADVANCING  
TECHNOLOGY DEVELOPMENTS IN DRINKING WATER  
DELIVERY, INDUSTRIAL AND AGRICULTURAL USES, AND  
WATER REUSE

AUGUST 18, 2015

## Request for Information

### 1. Summary and Background

Through the Nevada Center of Excellence in Water (COE) and the Governor's Office of Economic Development (GOED), the State of Nevada is promoting the state's commitment to innovation in water technology. COE and GOED announce Round 1 of a competitive matching grant process for water tech companies, with individual grants ranging from \$25,000-\$100,000.

Through this RFI, COE and GOED solicit timely, collaborative, and unique applications from water technology companies on how Nevada can advance water tech development in areas related, but not limited to, efficiencies or quality improvements in drinking water delivery, industrial and agricultural uses, and water reuse. Grants made under this program are designed to leverage existing regional assets and support the implementation of water technology solutions for communities. COE and GOED provide funding on a competitive basis to support economic development, foster job creation, and attract private investment in Nevada. Funds awarded may be used to support the following activities:

- testing and evaluation of new technologies
- demonstration projects
- technical support with research and development
- big data computing
- legal and regulatory assistance
- talent development
- marketing and networking
- pursuit of third-party funding opportunities

### 2. Confidentiality

COE and GOED will, upon respondent's written request, consider a respondent's submittal, or any identified portion of a respondent's submittal, confidential.

### 3. Proposal Guidelines

This Request for Information presents the requirements for Nevada's interest in receiving offers and suggestions for advancing water technology development and management. Responses to this RFI must be received in electronic .pdf form no later than Noon (PDT), Tuesday, September 15, 2015. Any responses received after this time and date will need to be re-submitted for consideration in future funding rounds. Responses must be emailed to Mr. Matthew Tuma [mtuma@diversifynevada.com](mailto:mtuma@diversifynevada.com) and Mr. Nathan Allen [nathan.allen@nevadacoe.org](mailto:nathan.allen@nevadacoe.org). Electronic acknowledgement receipt will be provided upon request at time of initial submittal. Proposal evaluations will be completed by Oct. 7<sup>th</sup>, 2015.

To be considered; any proposal or offer to COE and GOED should describe, to the extent possible:

1. Business Description
2. Product/Market Fit
3. Business Model
4. Customers/LOI
5. Management
6. Technologies/Special know-how
7. Markets
8. Competition
9. Current Funds Raised

### 4. Proposal Evaluation Criteria

Narrative responses to this RFI must not exceed 3 pages in length (not including supplemental materials). Supplemental materials, if necessary, must not exceed an additional 10 pages in length. Criteria for judging applications will be based on the viability and demand for the technology, number of jobs created, commercialization revenue opportunity, technology transfer opportunities, and how effectively the technology involved addresses our areas of focus.

Questions regarding this RFI must be emailed to Mr. Matthew Tuma [mtuma@diversifynevada.com](mailto:mtuma@diversifynevada.com) and Mr. Nathan Allen [nathan.allen@nevadacoe.org](mailto:nathan.allen@nevadacoe.org).
